

# TRAX MARIO CAPECCHI CURVES CONSTRUCTION

**October 4 -13**

**Day & Night**

UTA is replacing 20-year-old railroad curves on the TRAX Red Line at Mario Capecchi Drive and South Campus Drive. During construction, TRAX Red Line delays and road closures will take place between October 4-13.

## TRAX Red Line Riders

October 9-13

### Bus Bridge:

UTA will operate a bus bridge from 900 East to University Medical Center Station. The Fort Douglas Station will not be serviced due to road restrictions. Riders will need to use the South Campus Drive Station.

**Regular Service Resumes October 14**

**Delays:** 15-30 minutes

**Red Line Schedule:** [www.rideuta.com/redline](http://www.rideuta.com/redline)

**Construction Alerts:** [www.rideuta.com/signup](http://www.rideuta.com/signup)

## Residents & Businesses

October 4 -13

Expect day and night noise, dust, vibration, and nighttime lighting during work activities. Barriers will be used to reduce noise.

## Drivers

October 4 - 13

### South Campus Drive Westbound

- Westbound traffic will be closed from Mario Capecchi Drive to 1850 East

### South Campus Drive Eastbound

All lanes will be open

### Mario Capecchi Drive Southbound

- Two lanes of traffic maintained from South Wasatch Drive to Gibbons Street
- No westbound turn onto South Campus Drive

### Mario Capecchi Drive Northbound

- No westbound turn onto South Campus Drive

### Plan ahead and use alternate routes

### Alternate Mario Capecchi Drive and Hempstead Road Westbound Routes

- Mario Capecchi Drive to Foothill Drive and 500 South
- Mario Capecchi Drive to Research Road
- Foothill Boulevard to Sunnyside Avenue and Guardsman Way
